

**ATTENTION: Kentucky Landowners and Agencies****3/31/03**

The Kentucky Division of Forestry has high quality hardwoods and conifer seedlings available for this spring. If you are interested in purchasing seedlings or know of someone that might, please pass this information along. We would appreciate your help in getting the word out to our Kentucky landowners, vendors, and agencies.

Most tree species are \$20 per 50 trees and \$90 per 500 trees. Specialty packets of a variety of species are also available (see seedling order form for more information).

Below is a list of current tree species and quantities available for planting in spring 2003. If you are interested in purchasing seedlings or need technical assistance, contact your local Division of Forestry district office or the central office in Frankfort at 1-800-866-0555. Please visit our website for a seedling order form at
